

KS2 PE Curriculum Map

Autumn 1	Basketball / Netball
Autumn 2	Football
Spring 1	Hockey
Spring 2	Tag rugby
Summer 1	Tennis
Summer 2	Athletics / Cricket

Where the J and C Academy PE teacher delivers more than one National curriculum lesson to a class per week, the second lesson should be focused on:

Autumn term: Gymnastics

Spring term: Rhythmic gymnastics or dance (using the QCA or LCP scheme of work and CDs in the school)

Summer term: Athletics (Meaning the summer term games lesson will be focused on tennis and cricket)

Differentiation between years 3 and 4, and 5 and 6 and pupils of varying abilities: Pupils will be of varying abilities, hence the core targets set are merged between two year groups. Start with basic targets for each class, and progress pupils at a pace which is in accordance with their ability levels. Teachers will notice that different year groups' progress through the lessons at a different pace. For example; it's not essential that a year 3/4 class reaches lesson 6 in each section, as teachers will notice that more time needs to be spent repeating sections of lessons and /or whole lessons to ensure pupils make steady progress.

Use the Daily Assessment form to record progress and inform you of the next steps for learning for each class and year group. Where preparing for games, the lower year group will generally work up to the lower level of expectation, whilst the higher year group will generally work up towards the higher expectation. E.g. year 3 (work towards 3 vs. 3 activities / performances) and year 4 work towards 4 vs. 4 activities / performances. Year 5 pupils will work towards 5 vs. 5 competitions, whilst year 6 will work towards 6 vs. 6 competitions and performances. Whilst introducing children to competitive activities, pupils should be grouped with children of similar ability. E.g. WT (Working Towards success criteria) pupils working together / WB (Working Beyond success criteria) pupils working together and slightly different challenges created to match pupils' abilities and learning needs.

For J and C Academy teachers:

Daily Assessment Forms must be given to each class teacher at the end of each half term. A copy must also be kept in your folder for your own records. At the end of each year, pupils' levels in PE must be recorded and notes made on their progress.
