

Rose Champion and the Stolen Secret By Lyn Gardner

In our opinion, Rose Champion and the Stolen Secret is the ultimate book in the world to read. It will certainly keep you on the edge of your seat. Rose, who is an orphan, performs at Champion's and they are like a family to her. Rose Champion goes on an adventure to find Ned Dorset, who's a brilliant actor, and meets many friends on the way. Aurora, who has lost her father, gets a heart-warming surprise at the end. We recommend this book to the mystery-lovers and anyone else who likes adventure books. This book is the best of adventurous stories.
