

The Girl of Ink and Stars

By Kiran Millwood Hargrave

This story is a thrilling tale about a girl named Isabella, the protagonist, who sets off in search of her dearest friend Lupe. This book keeps you spellbound to the last word. Our absolute favourite part was when Isabella and Lupe discover the famous sword and used it to escape from underground. The most touching part is when poor Lupe lets go of Isabella's grip and is pulled away for ever. We rate this fantastic novel a magnificent 10 out of 10. However will Isabella save her friend, father, Island and more before time runs out? Read on to find how ~~how~~ this adventure unfolds.
